

**Eat Healthy, Live a
vegan/vegetarian lifestyle,
Lose weight, Curb Diabetes**
Join the Pacific Island Food Coop in Saipan
and order hard-to-get vegetarian, vegan,
organic, dairy-free, wheat-free and/or
diabetic food at reasonable prices.

Tired of going to Guam for your health food? We are too! So, our small but fast-growing group of health-conscious individuals here on Saipan have decided to pool our resources, combine our shopping lists and place a twice-monthly order for our favorite items. These larger orders already qualify for free shipping through certain US suppliers. As our group grows and our orders become larger, we'll be negotiating even better discounts, faster shipping terms and even our own containers!

There's strength in numbers. Join us!
